A. SIGNIFICANT ITEMS

None to report.

B. OTHER ACTIVITIES

1. An agreeable conference produced agreement that the Basic Czech, FT, would end on 16 January after 40 weeks' duration, and that thereafter for 8-10 weeks we would continue with Intermediate, FT, on a modified pattern.

2. As has been our practice in the past following completion of a significant training activity authorized by the Career Service Board, we are happy to offer that personally report briefly to the CSB on his recent academic year at Harvard University.

3. We performed a special showing of Hiroshima for an FE audience.

4. After months of efforts and innumerable contacts, we still are unable to bring about the transfer of annual leave credits for those contract employees who formerly were paid by unvouchered funds and now are paid by vouchered funds. Consequences of the seeming inability of the unvouchered fund people to calculate and transmit credits have included various distressing situations for these persons such as: requesting them to refund cash for leave taken against credits that do not show but do exist, and being unable to inform them how much leave they may plan to take. Fortunately, they have all been pretty nice about it, but it's a bad show.
